

TN Series Tractor (240-260HP)

N series tractors, covering 240-300 horsepower. Applicable working conditions of the product: farmland plowing, sowing, subsoiling, and transportation operations.

It adopts Shangchai 6-cylinder 8.8L large-displacement engine, 18+6 synchronizer shifting, reinforced chassis, CARRARO front axle, gearbox rear axle all-round upgrade, chassis strength increased by 25%, and reliability is greatly improved; The chassis is enlarged Heavy weight, large traction force and fast plowing, can be equipped with subsoilers, hydraulic turning plows, combined land preparation machines, combined seeders and other large-scale equipment, which can meet the requirements of subsoiling and deep plowing operations in different situations;

Model	TN2404	TN2604
Engine Type	SC9DK270.1G3	SC9DK280G3
Rated power(kw/HP)	176/240	191.5/260
Rated rotating speed(n/min)	2200	
Maximum Torque (N·m)	1025	1070
Displacement(L)	8.82	
Drive type	4WD	
Gearbox shift mode	synchronizer	
Hydraulic output flow(L/min)	100/140(optional)	
Lift capacity @ 610 mm behind hitching point(KN)	≥65	
PTO	Rear-mounted independent PTO 540/1000	
Front tire	16.9R30	
Rear tire	20.8R42	
Wheel base(mm)	3010	
Length*Width*Height(mm)	5610X3000X3260	
Structure weight(kg)	7668/8406
